FOREIGN NEWS ON APPLES

THE HAMBURG APPLE MARKET

The upward trend noted in the prices paid for American apples on the Hamburg auction last week was continued on Thursday, April 25, according to a cable received in the Bureau of Agricultural Economics from Mr. Edwin Smith, the Bureau's Fruit Specialist in Europe. A total of 27,000 boxes of American apples was offered and the demand was active. The available supplies of Australian apples were keenly competed for and prices are on an upward trend.

This cable closes the Hamburg apple market reporting service for the current season.
